DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed on 09/26/2008 with respect to claims 1 and 8 have been fully considered but they are not persuasive.

In re pages 4 and 5, applicant discloses that the Chadwick reference does not disclose a key indicative of a back pointer as well as recording a value indicative of the container length. In response, the examiner respectfully disagrees. Claim 1 and claim 8 merely discloses recording a key indicative of a back pointer and column 5, lines 31 - 35 clearly discloses storing a pointer in the essence archive (110). Claim 1 and claim 8 also merely disclose recording a value indicative of a container length and column 1, lines 26 – 32 and column 3, lines 63 - 65 clearly discloses recording a value (84) indicative of the container length.

In re page 6, applicant discloses that Chadwick does not mention any length indicator. In response, the examiner respectfully disagrees. Column 3, lines 63 - 65 clearly discloses storing a length indicator (82).

Claim Rejections - 35 USC § 102

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1 – 10 are rejected under 35 U.S.C. 102(e) as being anticipated by Chadwick (US 7,149,750 B2).

As to **claim 1**, Chadwick discloses a method for recording data, comprising the steps of:

recording a data container having a given container length (see column 1, lines 26 – 29 and column 5, lines 16 – 19)

recording a key (80) indicative of a back-pointer (see column 1, lines 26 – 32, column 3, lines 60 - 61 and column 5, lines 31 - 32);

recording a length (82) indicator (see column 3, lines 63 – 65 and column 5, lines 16 - 19);

recording a value (84) indicative of the container length (see column 3, lines 63 – 67).

As to **claim 2**, Chadwick discloses a method according to claim 1, with the further step of: recording the length indicator (see column 3, lines 63 – 67 and column 5, lines 16 – 19).

As to **claim 3**, Chadwick discloses a method according to claim 2, with the further step of: recording the key indicative of the back-pointer (see column 5, lines 5 – 15 and column 5, lines 31 – 32).

As to **claim 4**, Chadwick discloses a method for retrieving sets of data on a medium in a order opposite to the recording order, comprising the steps of:

accessing a first set of data (134) (see column 5, lines 5 – 15);

accessing a key indicative of a back-pointer (see column 5, lines 5 - 15 and column 5, lines 31 – 32);

reading a value indicative of a container length (see column 5, lines 5 - 15);

accessing a second set of data using said value (see column 5, lines 54 – 65).

As to **claim 5**, Chadwick discloses a method according to claim 4, wherein the sets of data are key length value KLV encoded (see column 4, lines 24 – 46).

As to **claim 6**, grounds for rejecting claim 1 apply to claim 6 in its entirety.

As to **claim 7**, Chadwick discloses a medium carrying a data file according to claim 6 (see column 8, lines 7 – 20).

As to **claims 8 – 10**, grounds for rejecting claims 1 - 3 apply to claim 8 - 10 respectively in its entirety.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
